 GERIYO

An abstract painting featuring thick, expressive black outlines that form various geometric shapes and structures. Several stylized, orange-colored figures, resembling animals or people, are scattered throughout the composition. The background is plain white, making the black and orange elements stand out prominently.

 **GERIYO**

An abstract painting featuring a complex composition of geometric shapes and vibrant colors. The central focus is a large, multi-colored polygonal shape, possibly a stylized figure or object, composed of numerous smaller triangles and quadrilaterals in shades of red, blue, green, yellow, and purple. This central shape is set against a dark, textured background. On either side of the central shape, there are large, semi-transparent circular overlays. The overall style is reminiscent of abstract expressionism or geometric abstraction.
