A blue-toned painting of a Buddha figure with flowers and white wavy lines. The Buddha is the central focus, depicted with a serene expression and closed eyes. The background is a textured, abstract composition of various shades of blue, with several white, wavy, vertical lines. Scattered around the Buddha are several light-colored flowers, possibly hibiscus, in various stages of bloom. The overall style is artistic and contemplative.

A golden Buddha statue in a meditative pose is the central focus on the left. To its right are two large, light-colored flowers with dark centers. Three monarch-style butterflies with blue and orange wings are scattered around the scene. At the bottom, a row of lit candles in small holders provides a warm glow. The background is a soft, out-of-focus green and white.
